

DETAILED ACTION

1. This office action is in response to the amendment filed 2/29/2008.
2. Per applicant's request, claims 1-4, 7, 13, 16-18, and 20 have been amended; claims 5, 6, 8-12, 14, 15, and 19 have been cancelled.

Allowable Subject Matter

3. Claims 1-4, 7, 13, 16-18, and 20 are allowed.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert P. Lord on 5/28/2008. Although, claim 13 has been amended but examiner believes that claim 13 needs to include the missing limitations found in the other independent claims 1 or 18 in order to put claim 13 in allowable condition. The examiner's amendment is necessitated to clarify the claimed invention.

Claims 13, 14, 16, and 17 have been amended as follow:

Please add to the end of the currently amended claim 13 the following limitations:
wherein the first action is provided by a first consumer associated with the first
per-consumer buffer, and
wherein the second action is provided by a second consumer associated with the
second per-consumer buffer.

Claim 14 is now cancelled.

Both currently amended claims 16 and 17 depend on claim 13.
